PROFESSIONAL EXPERIENCE

● Play-by-Play Broadcaster

Oklahoma State Hockey, Stillwater, Oklahoma | December 2021 - January 2023

- Called all OSU Hockey home games while also giving color commentation in between action.
- Produced the hockey broadcasts by operating the online video scoreboard for goals, shots, time, etc.
- Started and managed the game broadcast on OBS, a software tool which combined the audio and video of the game while showing the online scoreboard. I also operated the online scoreboard while commentating.
- Set up the equipment such as the camera, computer, and microphone. I also tested the equipment to ensure a successful broadcast.

● Producer, Director, Journalist

Oklahoma State University, Stillwater, Oklahoma | August 2022 - December 2022

- Produced "The Poke Report" a weekly student's run show that includes a variety of sports packages. Production included editing the show, creating a running order for packages, and making sure everyone was on time to submit their package to meet deadlines.
- Created multiple video packages which included shooting b-roll, interviews, and a standup while also having to use Photoshop to create any graphics needed.
- Learned how to use and operate multiple cameras, including a DSLR, NXCAM and XDCAM while also getting proper audio using a lavalier or handheld microphone and a TAZCAM.
- Edited packages to tell the story by recording voiceover and laying over b-roll about the subject of the voice over. At the proper points, placed interviews/stand up to back up the story. Added lower third graphics for any courtesy footage used in the package before dropping it off to the producers.
